REVELSTOKE RACE MEETING

Turf Association Meet Thursday and Friday — Two Public Half-Holidays — A Big Bunch of Horses.

One of the biggest and most important events of the year in Revelstoke, and one which will be perhaps most popular among all the citizens, is the Second Annual Meeting of the Revelstoke Turf Association, to be held tomorrow and Friday afternoons, on the great race track. Horsemen all over the province have agreed that the local track is one of the finest in Canada and for accommodation is almost second to none. A very considerable amount of money has been spent on this track, both last year and this year, and the trustees and track committee will spare neither pains nor expense to so further improve it that Revelstoke can boast of the best appointed course in the Dominion. As an asset to the city, the race track certainly is and it will be the aim of the Turf Club to secure the best possible racing which will be held under the strict rules of the Association. Considerable preparation has been made for the meet this year, which will be the first on the circuit, thus giving Revelstoke the advantage of having an aggregation of horses entirely new to each other, which must necessarily ensure good racing.

The Turf Club have been levelling the centre of the track this summer and when seeded down with grass it will make an ideal recreation ground, where athletic sports, ball games and other events can be held. The grand stands are completed and special attention has been paid to afford perfect shelter from rain and dust. The stables have been remodelled and ten additional ones have been erected this year, making twenty large and comfortable loose boxes. The roadway and drive to the main gates is one of the finest in the Dominion, there being a grand broad sweep approach nearly half a mile in length. The track itself is over half a mile in circumference, graded at each end, and of ample width to allow of plenty of space for trotting events. Water is laid on from the city mains for use in the stables and paddocks. It is the intention of the Turf Club to lay out a lawn in the grand stand paddock which will connect with the saddling paddock and stables, as is the case in all the large race tracks of the world. The meet this year should prove in every way successful as some of the best horses on the turf will take part. The citizens have responded handsomely to the subscription list and \$1,500 in prizes will be given for the events. This purse is as high as any offered in the province and speaks well for the patronage of the public and the interest taken in this kind of all sports. A number of horses are now on the ground training previous to the races. Armstrong & Cotterell of Vancouver, have a fine looking bunch of runners, while Emmett of Medicine Hat, who has been training his trio for the past month has got his horses in the pink of condition. Ed McAbee of Calgary, one of the best known horsemen and jockeys from coast to coast brought in his fine looking runner, yesterday. Mr. McAbee took part in the meet last year and is confident of first class sport. Okanagan and Kamloops horses are also booked besides many others all more or less prominent in the racing world. Over twenty-five horses, all told will compete this year and all are looking for winners. Racing will begin at 1:30 p.m. sharp each day, and as the Mayor has declared two public half holidays for the occasion, merchants as well as other citizens will have ample time to take in all the events, the holidays commencing at 12 noon. The Independent Band has been engaged and will play on both afternoons on the track. In order to facilitate the transportation of visitors and spectators to the Race Track the s. s. Revelstoke will make trips to and from the city, starting from the landing at the cut bank behind the post office, touching at the steamboat wharf and up to a landing at a point convenient to the race track. Buses will also make periodical trips at reduced rates.

It is expected that a large crowd will be in town this week for the races, special reduced rates of a fare and one-third having been obtained from the C. P. R. from all adjacent points.

The following is the programme of events.

THURSDAY, SEPT. 12.

1.—Trot and Pace.....\$200 00
2:40 class, 3 in 5.

2.—Running Half Mile Dash. 125 00

3.—Running Half Mile..... 85 00

Heats for local horses.

Horses to have been in Revelstoke Electoral district 60 days previous to meeting. Catch weights.

for horses not having won 1st. or 2nd. at meeting.
Divided, \$50, \$30, \$20.

Three to enter and start, but not less than four horses to start where third money is given. Unless otherwise specified all moneys to be divided 70 and 30 per cent.

Entries close at 9 p.m. this evening.

Horses called sharp at 1:30 p.m. each day.

The following forms the Racing Committee:

A. McRae.....President

A. Y. Anderson.....Secretary

W. Cowan.....Treasurer

A. J. McDowell, G. S. McCarer, F. B. Lewis, H. Cunningham Morris, J. Abrahamson.

RACE MEET NOTES

The s. s. Revelstoke will run hourly trips Thursday and Friday from the old Smelter Landing and the wharf opposite the Public Schools to the landing near the Race Track. Tickets, 50c. Children, 25c, good for return.

The best horses in the West will be seen in action at the Race Track tomorrow and Friday afternoon.

\$1500 in purses have been put up for the race meet this year.

Comfortable and ample accommodation can be had in the new double grand stands, which afford protection from wind, sun and rain.

A. McRae, president of the Revelstoke Turf Association, has worked hard to ensure the success of this year's meet.

Racing will start sharp at 1:30 p.m. Thursday and Friday.

Many local horses will take part in the local events, some of them being fast runners.

Special busses will run to and from the Race Track to all parts of the city carrying passengers at reduced fares.

Vancouver, Okanagan, Kamloops, Golden, Medicine Hat and Calgary horses will take part in the races tomorrow and Friday afternoons.

Refreshments will be obtainable on the Race Track grounds during the afternoons.

Ed. McAbee and his famous horses from Calgary, are racing again this year.

Vancouver has sent up a promising looking bunch by Armstrong and Cotterell.

Emmett's Medicine Hat racers have done good work on the track during their past months' training.

INSTALL GAS PLANT

Because acetylene gas for the lighting of railway coaches is deemed dangerous on account of its explosive qualities, the Canadian Pacific Railway has determined to discontinue its use. The acetylene gas plant at the C.P.R. yards on False Creek, in the city of Vancouver, is to be discarded immediately and the manufacture of Pintech gas started. The plant in Vancouver will serve all the passenger coaches of the railway on the Pacific division.

Mr. Albert C. Van Nest, of New York, a member of the engineering department of the Pintech Compressing Company, has arrived in Vancouver for the purpose of arranging for the installation of the Pintech plant here. It is the intention to convert the acetylene tanks into Pintech gas generators. The material used in the manufacture of this gas is a relatively poor grade oil turned out by the Standard Oil Company. This oil is a medium between a poor illuminant and a lubricating oil, but it is exactly the material required to make Pintech gas. The Vancouver plant will be ready for operation by the end of the present month.

PALMA RIFLE TROPHY

OTTAWA, Sept. 10.—The greatest rifle match in the world's history took place at Rockcliffe rifle range on Saturday afternoon. The American team are winners of the Palma trophy, but every other team competing exceeded the highest previous score.

The conditions of the shoot were 15 shots each at 800, 900 and 1,000 yards, possible score 225. The weather conditions were ideal, there being practically no wind and the light was excellent.

The Americans had the advantage of a special peep sight, which is admirably suited for moderate weather. Their ammunition was also specially prepared, every bullet being hand made. The Canadians had intended using King's Norton ammunition, the same as the British and Australian teams, but being dissatisfied with it in the practice, they to-day fired Kynoch make, and this probably now accounts for their being in second place.

The Canadians have one consolation as a result of the great shoot, in that they beat the Americans by two points at the 1,000 yard range. Three of the Americans made possibles at 800, but there were no others at subsequent ranges. The full scores of the four teams are as follows:

	800	900	1000	Totals
United States	590	573	549	1,712
Canadian	566	554	551	1,671
Australia	570	553	530	1,653
Great Britain	551	526	503	1,580

ORIENTALS ARE MOBBED

Asiatic Quarters Raided—Riot and Destruction—Japs and Chinese Armed and Revenge Their Attitude

VANCOUVER, Sept. 10.—Two nights of rioting and destruction of property have left Vancouverites with a new sensation and have given the city much undesirable notoriety. In the European and Asiatic mind, as well as in the American and Canadian, this city has, by the disgraceful folly of a few young men and boys, been placed in the disorderly class and today, too, the Chinese and Japanese quarters are armed to the teeth and burning with resentment of the treatment given them by a mob.

When the rioters got through with Chinatown it looked like a wreck. Every Chinese window was broken. Thousands of dollars worth of plate glass lay in fragments; and then a start was made on Powell street, where not a Japanese window was spared. The mob respected the Japanese mission building, but allowed no mercy even to the little private houses of Japanese residents. They did not get off quite scot free, though, the Japanese being more or less armed with clubs and bottles, which they used with damaging effect on a few heads.

As the mob surged through the streets of the Asiatic quarters, it was impossible for the police to tell who threw the stones that from time to time hurled over the heads of the crowds into the windows. All the police could do was to keep the mob moving, and after a while, to clear Chinatown and keep it clear by putting a rope and a cordon of police across the end of Carrall street—opposite the Woods hotel. The fire department was held in readiness all night and was out on several false alarms, but one engine was kept in Chinatown for emergencies.

Sunday night there was a great change noticeable in the attitude of both Chinese and Japanese. Both were practically standing under arms and both stated openly that there would be bloodshed if any further attempt were made on them by the mob. The Chinese mostly kept indoors, with all lights out in the fronts of the buildings, but the Japs paraded the streets and held a long conference and the consul has forwarded particulars of the trouble to the Japanese foreign office. Leading Japanese state openly that it is their intention to organize for their own armed defence, the city authorities being evidently powerless to save them from injury to life and property. Last evening the temper of the Japanese was decidedly ugly and the Chinese too are in no frame of mind to stand any more nonsense.

All stocks of firearms in the city have been practically bought up by the Asiatics and hundreds of knives have also been sold by local firms to arm the Orientals. Chinese stoicism has given way to complete and angry agitation. Domestic servants in homes and clubs failed to turn up for duty this morning. Sawmills are minus their Chinese crews and the Mongolian car cleaners and yard gangs are discussing racial ructions in Canton alley and Shanghai street.

OTTAWA, Ont. Sept. 11.—The following message was sent by Sir Wilfrid Laurier to the Mayor of Vancouver: "His Excellency the Governor-General has learned with the deepest regret of the indignities and cruelties to which certain subjects of the Emperor of Japan, a friend and ally of His Majesty the King, have been the victims and he hopes that peace will be promptly restored and all the offenders punished. (Signed) Wilfrid Laurier."

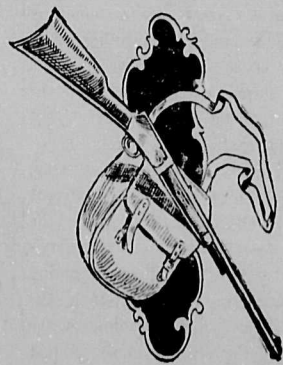

OPEN NEW COUNTRY

WINNIPEG, Sept. 10.—President Sir Thomas Shaughnessy of the C.P.R. and a number of the directors will visit the west again at the end of the month, on a tour of inspection. The construction of the branch from Kamloops to Edmonton by way of the North Thompson river will be considered, and superintendent Marpole of the coast division of the road is at present gathering information which will be submitted to the president and directors on their arrival in the west.

The construction of this branch is regarded as a most important step, and when completed it will undoubtedly prove to be one of the greatest and most potent links in the western system of the road. It will penetrate a country rich beyond measure which has hitherto remained undeveloped on account of lack of railway facilities.

It is probable that the party of officials who are to arrive in the west in a few weeks will traverse as much of the proposed route as is convenient while they are in this country.

BOURNE BROS.

SPORTSMEN!!

Who are in doubt as to where they can best obtain all kinds of up-to-date SPORTING GOODS should bear in mind the fact that we carry a splendid stock of high grade sporting goods and charge most moderately.
